DETAILED ACTION

1. This Office Action is a response to communications dated 03/31/05. Claims 27-34, 40-54 and 56 are pending in the application.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Floyd B. Chapman on 6/3/05.

The application has been amended as follows:

In the Claims:

Claim 40, line 14, please kindly replace "points." with --, wherein said characteristics comprise bandwidth availability data for one or more of the digital broadcast origination points.--.

Claim 50, line 17, please kindly change "may be" to --are--.

Claim 56, line 20, please kindly replace "points." with --, wherein said characteristics comprise bandwidth availability data for one or more of the digital broadcast origination points.--.

Allowable Subject Matter

3. Claims 27-34, 40-54 and 56 are allowed.

4. The following is an examiner's statement of reasons for allowance: The prior art of record, considered individually or in combination, fails to fairly show or suggest the claimed novel and unobvious limitations of *"including a vacate instruction in said digital broadcast that instructs one or more of the client computer systems to stop listening to one of the original points and to identify a different one of the plurality of broadcast origination points to start listening to; and receiving a routing information update from one of the client computer systems, said routing information update request future digital broadcasts from the identified different one of the plurality of broadcast origination points"*, as recited in claims 27-28; *beacon signal that provides transmission characteristics for one or more of the broadcast origination points, wherein the characteristics comprise bandwidth availability data for one or more of the digital broadcast origination points*, as recited in claims 29-34, 40-49 and 56; and *"transmission a second digital broadcast transmission from the selected broadcast origination point to one or more of the client computer systems, the second transmission broadcast including a beacon signal that provides transmission information about one or more of the plurality of broadcast origination points to permit a client computer system to select a broadcast origination point, whereby transmission loads are dynamically and automatically equalized among said plurality of broadcast origination points"*, as recited in claims 50-54.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
